3						
4						

9. Place of Internship: UIDAI Head Office, New Delhi – 110 001
10. Preferred functional wing: Technology Management division
11. Area of interest (please indicate courses taken/certification done which qualify you for the role)
Machine Learning, Python, Flask-based Web Development, JWT/OAuth security, and cloud deployment. Completed internships at IISc, Bengaluru and IIITM Gwalior involving Machine Learning. Also led full-stack projects integrating REST APIs, authentication systems, and cloud-hosted dashboards.
12. Remarks (In brief not exceeding 50 words):
Motivated to contribute to UIDAI's digital infrastructure using my skills in machine learning and secure web development. My academic projects and internships have prepared me to work on real-world data systems, and I'm eager to gain hands-on experience in national-scale technology initiatives.

I declare that the information given by me is true, correct and to the best of my knowledge and nothing has been concealed

Date: 10/06/2025
